Green Roof Construction and Maintenance (GreenSource Books) (McGraw-Hill's Greensource) By Kelly Luckett

A Complete Guide to Building and Maintaining Green Roofs

Written by an industry expert in green roof design and installation, this *GreenSource* book presents all of the information you need to skillfully design, construct, and maintain green roofs. You will find a wealth of practical details gathered through real-world implementations and independent research.

Green Roof Construction and Maintenance explains how to design a green roof, plan for irrigation and drainage, select and place soil and plants, and maintain the entire setup. The book also discusses return on investment, LEED design specifications, and the myriad short- and long-term environmental benefits of green roofs. Filled with step-by-step illustrations and full-color photographs, this is a valuable, hands-on guide to a rapidly emerging trend in the sustainability movement.

Green Roof Construction and Maintenance includes:

- Key questions to ask at each stage of the green building process
- Tested tips and techniques for successful structural design
- Construction methods for new and existing buildings
- Information on insulation, drainage, detailing, irrigation, and plant selection
- Details on optimal soil formulation
- Illustrations featuring various stages of construction
- Best practices for green roof maintenance
- A survey of environmental benefits, including evapo-transpiration, storm-water management, habitat restoration, and improvement of air quality
- Tips on the LEED design and certification process
- Considerations for assessing return on investment
- Color photographs of successfully installed green roofs
- Useful checklists, tables, and charts

Editorial Review

About the Author

Kelly Luckett, LEED AP, is president of Saint Louis Metalworks, a provider of sheet metal roof accessories and metal roofing. In 2004, his company launched the Green Roof Blocks product line and has since installed more than 50 green roofs, most notably at colleges and universities. He has published newsletter and magazine articles and is a member of Green Roofs for Healthy Cities, a rapidly growing not-for-profit industry association working to promote green roofs throughout North America.

Users Review

From reader reviews:

Timothy Bennington:

Spent a free time to be fun activity to perform! A lot of people spent their down time with their family, or their particular friends.
