## Now and Not Yet: Making Sense of Single Life in the Twenty-First Century

By Jennifer Marshall

**Nine out of ten young women say they're hoping for marriage, but three out of ten women are still single at thirty.**

The difference between life here and life hoped for can be disillusioning—and cultural changes have made single life in the twenty-first century more confusing than ever. *Now and Not Yet* offers guidance for navigating this new territory with purpose and contentment. Combining profiles of individual women, observations on today's culture, and spiritual insights, author Jennifer Marshall presents a unique perspective on the single woman's journey.

**Make sense of life in the gap between expectations and reality**

Singleness may be an unexpected in-between, but it's much more than a holding pattern. *Now and Not Yet* is about making the most of the time between now and the not yet for which so many women hope.
