Editorial Review

From the Back Cover

Get more done in less time by automating Office tasks

Take control of Office 2010 with Microsoft's Visual Basic for Applications (VBA) and this practical guide. Even if you're not a programmer, you can easily learn to record and write macros, automate tasks, and create your own custom programs for Word, Excel, PowerPoint, Outlook, and Access.

You'll quickly grasp the basics of recording macros with Office 2010's built-in Macro Recorder, before delving into all the essentials: the Visual Basic Editor, VBA syntax, how to use loops and functions, the keys to building effective code, how to debug and secure your code, programming the Office 2010 Ribbon, and much more.

Coverage includes:

- Recording, writing, and running macros in Office 2010
- Creating code from scratch with the Visual Basic® Editor
- Understanding the essentials of VBA syntax
- Finding the objects, methods, and properties you need
- Using loops to repeat actions in your code
- Creating simple and complex dialog boxes
- Adding If statements to make your applications respond intelligently
- Programming each Office app—Word, Excel®, PowerPoint®, Outlook®, and Access®
- Building, debugging, and securing your code

Use VBA to Increase Your Productivity in Office 2010

Simplify Complex Operations with Macros and Automation

Create Custom Apps for Word, Excel, PowerPoint, Outlook, and Access

Reinforce Your Skills with Real-World Examples

Master VBA Fundamentals and Essentials

Create Custom Applications and Macros for Office 2010

He is the former editor of Compute! magazine. Overall, his books have sold more than half a million copies worldwide and have been translated into 12 languages.

Users Review

From reader reviews:

Cameron Trammell:

A lot of people always spent their very own free time to vacation or even go to the outside with them household or their friend. Do you realize? Many a lot of people spent they free time just watching TV, or playing video games all day long. In order to try to find a new activity that's look different you can read a new book. It is really fun in your case. If you enjoy the book which you read you can spent all day every day to reading a book. The book Mastering VBA for Office 2010 it is extremely good to read. There are a lot of individuals who recommended this book. We were holding enjoying reading this book. In case you did not have enough space bringing this book you can buy the particular e-book. You can m0ore quickly to read this book from a smart phone. The price is not very costly but this book possesses high quality.

David Lacey:

The reason why? Because this Mastering VBA for Office 2010 is an unordinary book that the inside of the reserve waiting for you to snap it but latter it will jolt you with the secret this inside. Reading this book adjacent to it was fantastic author who else write the book in such wonderful way makes the content inside easier to understand, entertaining way but still convey the meaning totally. So , it is good for you for not hesitating having this nowadays or you going to regret it. This phenomenal book will give you a lot of benefits than the other book have such as help improving your skill and your critical thinking method. So , still want to hesitate having that book? If I were you I will go to the reserve store hurriedly.

Gary Jensen:

This Mastering VBA for Office 2010 is great publication for you because the content that is full of information for you who else always deal with world and also have to make decision every minute. This particular book reveal it details accurately using great manage word or we can claim no rambling sentences within it. So if you are read the idea hurriedly you can have whole data in it. Doesn't mean it only offers you straight forward sentences but tricky core information with attractive delivering sentences. Having Mastering VBA for Office 2010 in your hand like finding the world in your arm, facts in it is not ridiculous 1. We can say that no guide that offer you world throughout ten or fifteen moment right but this book already do that. So , it is good reading book. Hey Mr. and Mrs. occupied do you still doubt which?

Lowell Seymour:

A lot of people said that they feel bored stiff when they reading a reserve. They are directly felt the item when they get a half areas of the book. You can choose the particular book Mastering VBA for Office 2010 to make your own personal reading is interesting. Your own skill of reading expertise is developing when you similar to reading. Try to choose straightforward book to make you enjoy to study it and mingle the idea about book and reading through especially. It is to be first opinion for you to like to available a book and examine it. Beside that the reserve Mastering VBA for Office 2010 can to be your friend when you're sense alone and confuse in what must you're doing of that time.
