**Reclaiming History: The Assassination of President John F. Kennedy** By Vincent Bugliosi

**For fifty years the truth about the assassination of President John F. Kennedy has been obscured. This book releases us from a crippling distortion of American history.**

At 1:00 p.m. on November 22, 1963, President John F. Kennedy was pronounced dead, the victim of a sniper attack during his motorcade through Dallas. That may be the only fact generally agreed upon in the vast literature spawned by the assassination. National polls reveal that an overwhelming majority of Americans (75%) believe that there was a high-level conspiracy behind Lee Harvey Oswald. Many even believe that Oswald was entirely innocent. In this continuously absorbing, powerful, ground-breaking book, Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history.

The brilliant prosecutor of Charles Manson and the man who forged an iron-clad case of circumstantial guilt around O. J. Simpson in his best-selling *Outrage* Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination. This is an achievement that has for years seemed beyond reach. No one imagined that such a book would ever be written: a single volume that once and for all resolves, beyond any reasonable doubt, every lingering question as to what happened in Dallas and who was responsible.

There have been hundreds of books about the assassination, but there has never been a book that covers *the entire case*, including addressing every piece of evidence and each and every conspiracy theory, and the facts, or alleged facts, on which they are based. In this monumental work, the author has raised scholarship on the assassination to a new and final level, one that far surpasses all other books on the subject. It adds resonance, depth, and closure to the admirable work of the Warren Commission.

*Reclaiming History* is a narrative compendium of fact, forensic evidence, reexamination of key witnesses, and common sense. Every detail and nuance is accounted for, every conspiracy theory revealed as a fraud on the American public. Bugliosi's irresistible logic, command of the evidence, and ability to draw

startling inferences shed fresh light on this American nightmare. At last it all makes sense. 32 pages of illustrations

### Editorial Review

From Publishers Weekly

Bugliosi, best known as Charles Manson's prosecutor, spent more than 20 years writing this defense of the Warren Commission's conclusion that Lee Harvey Oswald acted alone in the slaying of President Kennedy, but his obsession has produced a massive tome that's likely to overwhelm most readers. At times, the author seems determined to present every detail his researches revealed, even if it doesn't add to the overall picture (like a footnote on Elvis sightings). Further, while Bugliosi says even serious conspiracy theorists don't claim the FBI or Secret Service were involved, he devotes chapters to each. The book's structure—it's organized by subject, such as theories about the role of the FBI, the KGB or anti-Castro Cubans—leads to needless repetition, and, for an author who excoriates conspiracy theorists, charging them with carelessness and making wild accusations, Bugliosi is not always temperate in his language; for example, twice he makes the nonsensical claim that some Warren Commission critics "were screaming the word conspiracy before the fatal bullet had come to rest." His decision to devote twice as many pages to critiquing Oliver Stone's movie *JFK* as to his chapter on organized crime (identified by the chief counsel of the House Select Committee on Assassination as the likely conspirators) is a curious one, as is the choice to open the book with a dramatic re-creation of events surrounding the assassination rather than a straightforward chronology of the relevant facts. Moreover, Bugliosi does not always probe whether individuals who are the sole source for certain facts (for example, Oswald's widow, Marina) had any motive to lie. Bugliosi's voluminous endnotes are on an accompanying CD. Gerald Posner's 1993 *Case Closed* made most of the same points in a much more concise way. 32 pages of illus. (May)

From [The New Yorker](#)

This weighty book (its pages number sixteen hundred and twelve) claims to be the final word on the assassination of President Kennedy. It is as if Bugliosi, who prosecuted the Manson murders, intended to overwhelm with sheer, footnoted bulk. But in the way that others have "proved" conspiracies, Bugliosi "proves" yet again the guilt of Lee Harvey Oswald. He does this by reexamining familiar evidence but also by dismissing preposterous theories, such as one that J. Edgar Hoover masterminded the murder to keep his job. Bugliosi steps less certainly in considering the work of the House Select Committee on Assassinations, which, in 1978, concluded that J.F.K. was "probably" killed as the result of a plot. Citing a National Research Council study, Bugliosi brushes aside the committee's acoustic evidence suggesting that four shots were fired in Dallas (a fourth shot would confirm a second gunman); he is uncomfortable with a subsequent analysis, by the British Forensic Science Society, which challenged the N.R.C. opinion. Mysteries are like that"

In *Reclaiming History*, former Los Angeles prosecutor Vincent Bugliosi (he wrote the best-selling *Helter Skelter* after putting Charles Manson behind bars) identifies and dismantles the conspiracy theories that still abound in discussions of the Kennedy assassination. At more than 1,600 pages, and accompanied by a CD containing some 1,100 pages of notes, Bugliosi aspires to bludgeon naysayers into submission. Critics, after an obligatory remark on the book's astounding length, generally concede that the author's exhaustive efforts have paid off, making this weighty tome *the* encyclopedic source for readers interested in reliving the events of November 1963. In the words of J. Michael Parker, though, "How many people are going to pay \$50 . . . knowing that [the book] will take them back to the Warren Commission's original conclusion?"

## **Users Review**

### **From reader reviews:**

#### **Bernadine Williams:**

This book untitled Reclaiming History: The Assassination of President John F. Kennedy to be one of several books in which best seller in this year, here is because when you read this publication you can get a lot of benefit on it. You will easily to buy this kind of book in the book retailer or you can order it via online. The publisher on this book sells the e-book too. It makes you more readily to read this book, as you can read this book in your Mobile phone. So there is no reason to your account to past this book from your list.

#### **Jamie Hernandez:**

Spent a free time and energy to be fun activity to perform! A lot of people spent their leisure time with their family, or their particular friends. Usually they performing activity like watching television, going to beach, or picnic within the park. They actually doing ditto every week. Do you feel it? Do you wish to something different to fill your personal free time/ holiday? May be reading a book could be option to fill your cost-free time/ holiday. The first thing you ask may be what kinds of book that you should read. If you want to try out look for book, may be the e-book untitled Reclaiming History: The Assassination of President John F. Kennedy can be excellent book to read. May be it can be best activity to you.

#### **Sharon Hardin:**

Playing with family in a very park, coming to see the water world or hanging out with pals is thing that usually you have done when you have spare time, and then why you don't try point that really opposite from that. 1 activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition details. Even you love Reclaiming History: The Assassination of President John F. Kennedy, you can enjoy both. It is fine combination right, you still desire to miss it? What kind of hang type is it? Oh can happen its mind hangout guys. What? Still don't buy it, oh come on its identified as reading friends.

#### **Jerry Thomas:**

You can obtain this Reclaiming History: The Assassination of President John F. Kennedy by browse the bookstore or Mall. Just viewing or reviewing it may to be your solve trouble if you get difficulties for your knowledge. Kinds of this publication are various. Not only by means of written or printed but also can you enjoy this book by simply e-book. In the modern era including now, you just looking of your mobile phone and searching what your problem. Right now, choose your ways to get more information about your reserve. It is most important to arrange you to ultimately make your knowledge are still up-date.
