Shorter Lexicon of the Greek New Testament From University of Chicago
Press

This one-volume digest provides easy access to reliable and brief definitions, interpretations of most variants, and many of the conjugational and declensional forms that frustrate readers of the New Testament. Danker's revision demonstrates his concern for the needs of students as well as those of ministers and scholars.

"[The *Shorter Lexicon*] is by far superior to other New Testament 'dictionaries' of comparable size."--Robert Hoerber, *Classical World*
