### Editorial Review

From School Library Journal

Grade 7-9-A sequel to *The Named* (Bloomsbury, 2002), with ample introductions to characters and plot developments from that book. Lathenia controls the forces of the dark while her brother, Lorian, fights with the Named, nine ordinary humans with extraordinary gifts, to stop her. In this book, Arkarian, one of the most powerful of the Named, has been abducted and imprisoned by Lathenia in the furthest reaches of the Underworld. Isabel and Ethan, ordinary high school students by day and Guardians of Time by night, decide to attempt a rescue, joined by Isabel's brother Matt, newly Named but still untested and untrained in any special gift. Meanwhile, various combinations of the Named carry out several missions, visiting medieval France to protect the child who will become Arkarian's mother, and ancient Rome to prevent injury to Octavius, future emperor. Plot action dominates this story, with awkward attempts to add romance to the tangled relationships among the main characters. The novel is poorly written, with sentence fragments and awkward constructions popping up throughout. There is an incongruous use of knees and fists by characters who can send energy bolts from their fingertips, but it does give Isabel ample practice in using her gift of healing power on all the broken bones and bleeding wounds. Ultimately, several loose ends are tied up, but new questions arise that will presumably be addressed in the next installment of this series. There is enough action and excitement here to keep nondiscriminating readers involved, but little else.

Gr. 7-12. In this sequel to *The Named* (2002), Isabel and Ethan, two of the Named sworn to fight the time-disrupting Order of Chaos, continue to battle against their nemesis. They are joined in this story by Isabel's brother, Matt, who is new to the secret Guardians of Time. The mission of the trio is to find their kidnapped mentor, Akarian, who has been sent to the underworld, a nightmarish realm full of bizarre creatures and unknown dangers. As in the previous novel, there is plenty of swashbuckling action with lively, believable characters who wrestle with their consciences as they face tough decisions about friendship, loyalty, and commitment. Matt's struggle to adjust to the difficult life of a Guardian makes for an intriguing subplot. The story stands well on its own, but readers familiar with the first book will appreciate this imaginative, suspenseful novel even more. *Ed Sullivan*

Review

Praise for 'Old Magic': 'A confident debut that announces the arrival of a bright, lively new voice' TES Praise for 'The Named': 'Another gripping teenage novel from the author of Old Magic. Once more Marianne Curley pulls off a thrilling, complicated and magical story while keeping a firm grip on the reality of present day life' Irish Independent 'Marianne Curley's second novel, *The Named*, succeeds in combining the contemporary with the historical in this lively, eventful adventure' The Bookseller 'This pacey, contemporary mix of action, suspense and fiery relationships is cleverly calculated to appeal to both boys and girls' Books Magazine

### Users Review

From reader reviews:

**Martin Phair:**

Here thing why this specific The Dark (Guardians of Time) are different and reliable to be yours. First of all reading through a book is good but it depends in the content of the usb ports which is the content is as scrumptious as food or not. The Dark (Guardians of Time) giving you information deeper including different ways, you can find any guide out there but there is no book that similar with The Dark (Guardians of Time). It gives you thrill reading through journey, its open up your own eyes about the thing this happened in the world which is maybe can be happened around you.
