A Choice of Enemies: America Confronts the Middle East By Lawrence Freedman

It is in the Middle East that the U.S. has been made to confront its attitudes on the use of force, the role of allies, and international law. The history of the U.S. in the Middle East, then, becomes an especially revealing mirror on America's view of its role in the wider world.

In this wise, objective, and illuminating history, Lawrence Freedman shows how three key events in 1978–1979 helped establish the foundations for U.S. involvement in the Middle East that would last for thirty years, without offering any straightforward or bloodless exit options: the Camp David summit leading to the Israel–Egypt Treaty; the Iranian Islamic revolution leading to the Shah's departure followed by the hostage crisis; and the socialist revolution in Afghanistan, resulting in the doomed Soviet intervention. Drawing on his considerable expertise, Freedman makes clear how America's strategic choices in those and subsequent crises led us to where we are today.

Editorial Review

Review

"Survival: Journal of the International Institute of Strategic Studies""Magisterial...[Freedman] is decidedly level-headed, undogmatic, widely informed about things outside his discipline, and alive to the ways in which governments actually work....Freedman is a great archival historian in part because his grasp of the way decision-makers and bureaucracies interact with each other, their domestic political environment and the wider world enables him to read the fragmentary and self-serving sources more astutely than most scholars. He is also a writer who prefers to work in a jargon-free zone. "A Choice of Enemies" displays all these virtues."

About the Author

Sir Lawrence Freedman is professor of war studies at King's College, London. In 2001 he was appointed head of the School of Social Sciences and Public Policy at King's and then in 2003 vice principal for research. Before joining King's he held research appointments at Nuffield College, Oxford, the International Institute for Strategic Studies, and the Royal Institute of International Affairs. He is the author of several books of history, including *Kennedy's Wars*.

Users Review
