Principles and Practice of Physics, Books a la Carte Plus MasteringPhysics with eText -- Access Card Package By Eric Mazur

NOTE: Books a la Carte are unbound, three-hole-punch versions of the textbook. This lower cost option is easy to transport and comes with same access code or media that would be packaged with the bound book.

XXXXXXXXXXXXXXXXXXXXXX

Based on his storied research and teaching, Eric Mazur's **Principles & Practice of Physics** builds an understanding of physics that is both thorough and accessible. Unique organization and pedagogy allow you to develop a true conceptual understanding of physics alongside the quantitative skills needed in the course.

- **New learning architecture:** The book is structured to help you learn physics in an organized way that encourages comprehension and reduces distraction.
- **Physics on a contemporary foundation:** Traditional texts delay the introduction of ideas that we now see as unifying and foundational. This text builds physics on those unifying foundations, helping you to develop an understanding that is stronger, deeper, and fundamentally simpler.
- **Research-based instruction:** This text uses a range of research-based instructional techniques to teach physics in the most effective manner possible. The result is a groundbreaking book that puts physics first, thereby making it more accessible to you to learn. MasteringPhysics® works with the text to create a learning program that enables you to learn both in and out of the classroom.

This program provides a better teaching and learning experience for you. Here's how:

- **Personalize learning with MasteringPhysics:** MasteringPhysics provides you with engaging experiences that coach them through physics with specific wrong-answer feedback, hints, and a wide variety of educationally effective content.

- **Build an integrated, conceptual understanding of physics:** Gain a deeper understanding of the unified laws that govern our physical world through the innovative chapter structure and pioneering table of contents.
- **Encourage informed problem solving:** The separate Practice Volume empowers you to reason more effectively and better solve problems.

Editorial Review

About the Author

Eric Mazur is the Balkanski Professor of Physics and Applied Physics at Harvard University and Area Dean of Applied Physics. As an internationally recognized scientist and researcher, he leads a vigorous research program in optical physics and supervises one of the largest research groups in the Physics Department at Harvard University. Eric Mazur is author or co-author of over 250 scientific publications and holds two dozen patents. He has also written on education and is the author of Peer Instruction: A User's Manual (Prentice Hall, 1997), a book that explains how to teach large lecture classes interactively. In 2006, he helped produce the award-winning DVD Interactive Teaching. He is the founder of Learning Catalytics, a platform for promoting interactive learning in the classroom, which is available in MasteringPhysics(R).

Users Review

From reader reviews:

James Brecht:

This Principles and Practice of Physics, Books a la Carte Plus MasteringPhysics with eText -- Access Card Package tend to be reliable for you who want to become a successful person, why. The reason of this Principles and Practice of Physics, Books a la Carte Plus MasteringPhysics with eText -- Access Card Package can be one of several great books you must have is actually giving you more than just simple reading through food but feed a person with information that maybe will shock your prior knowledge. This book is actually handy, you can bring it almost everywhere and whenever your conditions in the e-book and printed versions. Beside that this Principles and Practice of Physics, Books a la Carte Plus MasteringPhysics with eText -- Access Card Package giving you an enormous of experience such as rich vocabulary, giving you tryout of critical thinking that could it useful in your day activity. So , let's have it and revel in reading.

Jerry Thomas:

Spent a free time and energy to be fun activity to complete! A lot of people spent their free time with their family, or all their friends. Usually they carrying out activity like watching television, gonna beach, or picnic inside park. They actually doing same task every week. Do you feel it? Do you need to something different to fill your personal free time/ holiday? Can be reading a book is usually option to fill your totally free time/ holiday. The first thing you ask may be what kinds of e-book that you should read. If you want to try out look for book, may be the reserve untitled Principles and Practice of Physics, Books a la Carte Plus MasteringPhysics with eText -- Access Card Package can be great book to read. May be it could be best activity to you.

Jennifer Lorenzo:

Is it an individual who having spare time subsequently spend it whole day by watching television programs or just lying on the bed? Do you need something new? This Principles and Practice of Physics, Books a la

Carte Plus MasteringPhysics with eText -- Access Card Package can be the answer, oh how comes? A fresh book you know. You are so out of date, spending your spare time by reading in this completely new era is common not a geek activity. So what these ebooks have than the others?

Katherine Contreras:

Do you like reading a reserve? Confuse to looking for your preferred book? Or your book was rare? Why so many issue for the book? But almost any people feel that they enjoy for reading. Some people likes studying, not only science book and also novel and Principles and Practice of Physics, Books a la Carte Plus MasteringPhysics with eText -- Access Card Package as well as others sources were given know-how for you. After you know how the fantastic a book, you feel want to read more and more. Science guide was created for teacher or students especially. Those textbooks are helping them to add their knowledge. In other case, beside science book, any other book likes Principles and Practice of Physics, Books a la Carte Plus MasteringPhysics with eText -- Access Card Package to make your spare time a lot more colorful. Many types of book like this one.
