From Publishers Weekly

Laycock chronicles the American fur trappers of the 1820s and 1830s, discussing their role in the westward expansion of the U.S.

From Library Journal

Laycock, the author of more than 40 volumes dedicated to the outdoors, here offers a history of the fur trappers who pushed West in the early 1800s in search of the much-prized beaver pelt. Though theirs was purely a financial venture, their interaction with Native Americans and the knowledge they gained of the terrain and its dangers made the way a little less treacherous for the homesteaders and farmers who followed.

Review

"George Laycock has gone to great details to portray the life of Western mountain men, and has done an outstanding job."--Charlie Richie, *Backwoodsman Magazine*
