In the Spirit of Crazy Horse By Peter Matthiessen

[This is Part 2 of a 2-part Audiobook CASSETTE Library Edition in vinyl case.]

[Read by Mark Bramhall]

On a hot June morning in 1975, a fatal shoot-out took place between FBI agents and American Indians on a remote property near Wounded Knee, South Dakota. Four members of the American Indian Movement were indicted on murder charges for the deaths of two federal agents killed that day. Leonard Peltier, the only one to be convicted, is now serving consecutive life sentences in a federal penitentiary.

Behind this violent chain of events lie issues of great complexity and profound historical resonance. In this controversial book, Peter Matthiessen brilliantly explicates the larger issues behind the shoot-out, including the Lakota Indians' historical struggle with the U.S. government, from Red Cloud's war and Little Big Horn in the nineteenth century to the shameful discrimination that led to the new Indian wars of 1970s.

You have to believe that Crazy Horse would have loved its renegade spirit and unflinching reach for the truth." *Milwaukee Journal* "By the time I had turned the final page, I felt angry enough . . . to want to shout from the rooftops, 'Wake up, America, before it is too damned late!' For Matthiessen, in this extraordinary, complex work, powerfully propounds several large and disturbing themes which the white majority in America will ignore at extreme peril." --*Washington Review*

From *AudioFile*

The author tells the sad story of the ill treatment of North American Indians since European settlers arrived. By means of interviews, attendance at Indian ceremonies, and extensive research, Matthiessen shares details of life both then and now for the many existing tribes. The embarrassing incidents of treaties made and broken seem without end. Narrator Mark Bramhall can pronounce the extensive vocabulary of American Indian languages, and his voice brings to mind what modern Caucasians might imagine to be the speech patterns of eighteenth-century Native Americans trying to speak English. He shows little emotion or inflection. Since the rambling story never progresses in any particular direction or temporal sequence, it gives Bramhall few of the elements useful to maintain the interest of his listeners.
