### William Eggleston: Los Alamos Revisited From Steidl

*Los Alamos Revisited* contains the definitive edit of William Eggleston's celebrated *Los Alamos* series, and closes a fascinating photographic story that began in the mid-1960s. Between 1965 and 1974, William Eggleston and Walter Hopps drove together through the USA, Eggleston taking photographs, Hopps at the wheel. During these travels the title *Los Alamos* was born. More than 30 years later Eggleston, Hopps, Caldecot Chubb and the photographer's son Winston Eggleston edited the photographs into a set of five portfolio boxes of dye-transfer prints. Hopps' original vision was to create a vast *Los Alamos* exhibition, but the negatives became separated, with Hopps retaining only about half. He later returned what was thought to be the remaining negatives to the Eggleston Artistic Trust in Memphis where they were catalogued as Box #17. After Hopps' death in 2005, another long-lost box of negatives was discovered. These were catalogued as Box #83 and documented in a handmade reference book called *Lost and Found Los Alamos*. In 2011, the photographer's son William Eggleston III and Mark Holborn reviewed the now complete set of negatives, finalizing the sequence with Winston Eggleston at Steidl in 2012. *Los Alamos Revisited* presents this sequence in its entirety, and updates the 2003 Scalo book *Los Alamos*.
