## Editorial Review

From Publishers Weekly

Perhaps the most renowned and controversial American general of the 20th century, George Patton (1885-1945) remains a subject of intense interest. D'Este (Decision in Normandy) provides new information from family archives and other sources about Patton's ancestry, childhood and pre-WWII military career. This includes his student years at West Point, his experience as a tank officer in WWI and various interwar staff assignments. The author emphasizes Patton's lifelong study and preparation for war and his conviction that God not only chose him specifically to lead an army but also stood ready to intervene to assure him battlefield victories. D'Este has much to say about Patton's impulsiveness, impatience and tactlessness, showing how these qualities often got him in trouble with the public as well as with his superiors. The account of Patton's campaigns from North Africa through Sicily, Normandy and the Ardennes enables the reader to understand why the general is regarded as one of the great military leaders. This is a major biography of a major American military figure. Illustrations.

Review

This is revisionism at its very best . . . -- *The New York Times Book Review*, Alistair Horne

From the Publisher

Fifty years after his death, General George C. Patton Jr. remains one of the most colorful, charismatic, misunderstood and controversial figures ever to set foot on the battlefields of World War II. And the image of the man has been not a little influenced by the 1970 film *Patton*, starring George C. Scott, in which he is portrayed as a swashbuckling, brash, profane, impetuous general who wore ivory-handled pistols into battle and slapped two hospitalized soldiers in Sicily.

It is one of the achievements of this riveting biography that it reveals the complex and contradictory personality that lay behind the facade. With full access to Patton's private and public papers, and the cooperation of the general's family, Carlo D'Este shows us not only the extrovert Patton of public perception, but also the intensely private Patton -- the devoted student of history, the poet, the humble man very unsure of his own abilities -- who could burst into tears, be charming or insulting quite unexpectedly, and the Patton who trained himself for greatness with a determination matched by no other general in the twentieth century. D'Este describes Patton's patrician background with its strong military heritage in the Civil War on the Confederate side; his struggle to overcome dyslexia to get through West Point; his lifelong doubts about his own courage that forced him to take reckless chances; and the enduring and sometimes troubled marriage to his childhood sweetheart, Beatrice Ayer, daughter of a wealthy Boston family, who proved to be a tower of strength and devotion to a soldier husband who was miserable in peacetime.

This book also covers Patton's military career from his dramatic role in the 1916 campaign against Pancho Villa in northern Mexico to his service in France in World War I, where he organized and led the first U.S. tank corps at Saint-Mihiel and in the Meuse-Argonne offensive (where he was seriously wounded), to his frequently brilliant and occasionally very controversial roles during World War II in the fighting in North Africa, Sicily, France and Germany, where he earned the reputation of being the allied general the Germans most feared and respected.

*Patton: A Genius for War* is a full-fledged portrait of an extraordinary American.

## **Users Review**

### **From reader reviews:**

#### **Jean Spence:**

The reserve with title Patton: A Genius for War contains a lot of information that you can understand it. You can get a lot of help after read this book. This particular book exist new know-how the information that exist in this guide represented the condition of the world at this point. That is important to yo7u to learn how the improvement of the world. That book will bring you with new era of the glowbal growth. You can read the e-book on your own smart phone, so you can read it anywhere you want.

#### **Lisa Lee:**

The book untitled Patton: A Genius for War contain a lot of information on that. The writer explains the woman idea with easy technique. The language is very straightforward all the people, so do not really worry, you can easy to read this. The book was authored by famous author. The author brings you in the new time of literary works. You can actually read this book because you can continue reading your smart phone, or product, so you can read the book inside anywhere and anytime. In a situation you wish to purchase the e-book, you can open up their official web-site in addition to order it. Have a nice study.

#### **Joan Hanson:**

As we know that book is significant thing to add our knowledge for everything. By a e-book we can know everything we want. A book is a set of written, printed, illustrated as well as blank sheet. Every year seemed to be exactly added. This publication Patton: A Genius for War was filled regarding science. Spend your spare time to add your knowledge about your science competence. Some people has distinct feel when they reading a book. If you know how big benefit of a book, you can sense enjoy to read a publication. In the modern era like right now, many ways to get book that you wanted.

#### **Lee Wing:**

Guide is one of source of know-how. We can add our information from it. Not only for students but native or citizen have to have book to know the upgrade information of year to help year.
