If you try to learn leadership by only looking at a single theory or approach, you only get one piece of the overall picture.

That's why *Practicing Leadership, Third Edition* features contributions from a variety of disciplines, including psychology, management, communications, military science, the quality movement, political science, and philosophy. The text takes you on a unique journey through the key paradigms that have helped shape some of today's most widely respected world leaders. Along the way, you'll explore essays by James Kouzes, Barry Posner, and Stephen Covey, along with profiles of such real-world leaders as Nelson Mandela, Mother Teresa, John Wooden, Sam Walton, and Colin Powell.
