The Ideological Origins of Nazi Imperialism By Woodruff D. Smith

This study traces the evolution of imperialist ideology in Germany from Bismarck in the mid-19th century through Hitler and the Third Reich. Although much has been written about the virulently racist and anti-communist ideologies of the Nazi party, this is the first book to treat Nazi imperialism as a separate ideology and set it within a sturdy theoretical framework. Smith contends that Nazi imperialism represented the last, ambitious attempt to integrate two century-old ideologies--the elite, pro-industrial *Weltpolitik* and the popular-based, pro-agrarian *Lebensraum*--into a single system. In fact, Smith argues that it was largely the way in which the Nazis attempted to reconcile these contradictory ideologies that explains Germany's disastrous policies during World War II. This wide-ranging study also contributes to the debates over several other aspects of German history, including German military aims in World War II, the continuity--or discontinuity--of German policy from Bismarck to Hitler, and the relation between ideology and social-political life.

Editorial Review

From Library Journal

Smith has written a scholarly and intelligent study of the nature and evolution of the ideologies of imperialism in Germany during the century leading up to Nazi expansionism in World War II. He identifies two distinct types or "aggregates" of imperialist ideas in German politics: a migrationist colonialism (later Lebensraum) and an economic imperialism (later Weltpolitik), both of which evolved in the Wilhelmine years and continued to influence policy through World War I, Weimar, and into the Nazi era. These ideologies of imperialism, though logically inconsistent, were followed in various forms by the Nazis, and culminated in the catastrophe of Hitler's war. This is an important, challenging, and difficult book, recommended for academic libraries and collections with a German emphasis. James B. Street, Santa Cruz P.L., Cal.

Review

"An excellent study--probably the most thoughtful, detailed, and erudite account of this subject that has yet been written."--*American Historical Review*

"Teachers of contemporary European history will find that Smith's book contains a great deal of fascinating material as well as many stimulating ideas. The book is based on impressive research."--*The History Teacher*

"Fascinating...Includes a most interesting analysis of the structure and functions of ideologies."--*New York Review of Books*

"A splendid synthesis of the numerous detailed studies of German chauvinism."--*Journal of Modern History*

"A significant contribution...A prodigiously researched, cogently argued, and forcefully written book that deserves wide attention."--*Journal of Interdisciplinary History*

Users Review

From reader reviews:

Gerald Warfield:

Now a day individuals who Living in the era wherever everything reachable by interact with the internet and the resources included can be true or not need people to be aware of each info they get. How many people to be smart in obtaining any information nowadays? Of course the answer then is reading a book. Studying a book can help folks out of this uncertainty Information mainly this The Ideological Origins of Nazi Imperialism book because book offers you rich data and knowledge. Of course the information in this book hundred per-cent guarantees there is no doubt in it you may already know.

Katrina Scofield:

Are you kind of busy person, only have 10 or even 15 minute in your day to upgrading your mind ability or thinking skill actually analytical thinking? Then you are experiencing problem with the book than can satisfy your short period of time to read it because all this time you only find publication that need more time to be learn. The Ideological Origins of Nazi Imperialism can be your answer since it can be read by an individual who have those short extra time problems.

Loren Hatmaker:

Within this era which is the greater man or who has ability in doing something more are more precious than other. Do you want to become one of it? It is just simple way to have that. What you must do is just spending your time not much but quite enough to possess a look at some books. One of many books in the top list in your reading list is The Ideological Origins of Nazi Imperialism. This book which can be qualified as The Hungry Slopes can get you closer in turning into precious person. By looking upwards and review this reserve you can get many advantages.

Thomas Busch:

As a pupil exactly feel bored to be able to reading. If their teacher expected them to go to the library or even make summary for some reserve, they are complained. Just tiny students that has reading's soul or real their interest. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading seriously. Any students feel that reading is not important, boring and also can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this The Ideological Origins of Nazi Imperialism can make you feel more interested to read.
