### Daniel X: Watch the Skies By James Patterson

All's quiet in the small town of Holliswood, the television sets a-glow in every home. But not all is as perfect as it seems.

A terrifying outlaw has just arrived in town, with the goal of throwing it into chaos--and filming the pandemonium for the fellas back home.

Only one person can stop him and his thugs from destroying the city and everyone living there. Daniel X assembles an all-star team of his own creation, but not even he could imagine the enormity of this made-for-TV-villain's powers.

#### From [AudioFile](#)

James Patterson's latest release for young adults chronicles the adventures of 14-year-old Daniel X, who is chasing down intergalactic aliens who are trying to destroy the human population. Milo Ventimiglia is convincing as a teenage boy with superpowers except for the times when he slows down his reading to a maddening pace. Music, blasts from ray guns, and other sound effects will appeal to younger listeners, but the pervasive references to popular culture will date this story quickly and will drive off some listeners. Ventimiglia creates a believable character in Daniel as he argues with his little sister, adopts a stray dog, develops a crush, and tries to make the world a better place.
