**Technical Communication in the Twenty-First Century (2nd Edition)** By Sidney I. Dobrin, Christopher J. Keller, Christian R. Weisser

*Technical Communication in the Twenty-First Century (TCTC)* prepares readers to be successful writers and readers of technical communication, regardless of their career path. Featuring a wealth of examples and cases, it emphasizes problem-solving, collaboration, visual rhetoric and usability. Its approach analyzes *why* something worked or did not work, as well as *how* to produce the appropriate communication. Now available with the *MyTechCommLab* online learning tool, this edition features more focus on transnational communication, forty-five new case studies, and new information on the relationship between technology and communication.

### **Editorial Review**

#### **From the Back Cover**

"Technical Communication in the Twenty-First Century" ("TCTC") prepares readers to be successful writers and readers of technical communication, regardless of their career path. Featuring a wealth of examples and cases, it emphasizes problem-solving, collaboration, visual rhetoric and usability. Its approach analyzes "why" "something worked or did not work, as well as "how" to produce the appropriate communication. Now available with the "MyTechCommLab" online learning tool, this edition features more focus on transnational communication, forty-five new case studies, and new information on the relationship between technology and communication.

#### **About the Author**

Sidney I. Dobrin is Associate Professor in the Department of English at the University of Florida. He has served as Director of Writing and 9 years as the coordinator of the technical writing course. He is author and editor of more than a dozen books about writing.

Christopher Keller is assistant professor of English at the University of Texas-Pan American, where he is the director of the composition program. He teaches courses in technical communication, rhetoric, and American nature writing and has published a number of articles and books, including "Writing Environments" (with Sid Dobrin) and "The Locations of Composition" (with Christian Weisser).

Christian Weisser is Associate Professor of Rhetoric and Composition at the Harriet L. Wilkes Honors College of Florida Atlantic University, where he coordinates both the Writing Program and the Learning Resource Center. Christian is the author and editor of six books and nine articles about writing. He currently serves as Editor of Composition Forum, a peer-reviewed scholarly journal in rhetoric and composition.

### **Users Review**

#### **From reader reviews:**

##### **Johnny Cahill:**

Reading a publication tends to be new life style within this era globalization. With reading through you can get a lot of information that could give you benefit in your life. Using book everyone in this world can easily share their idea. Books can also inspire a lot of people. A great deal of author can inspire their particular reader with their story or even their experience. Not only the storyplot that share in the books. But also they write about the knowledge about something that you need example. How to get the good score toefl, or how to teach your kids, there are many kinds of book that you can get now. The authors these days always try to improve their talent in writing, they also doing some investigation before they write to their book. One of them is this Technical Communication in the Twenty-First Century (2nd Edition).

##### **John Rivera:**
