Editorial Review

Review

A "non-classical approach" for singers which uses rib cage expansion as the method for breath support, control and vocal freedom. Audio tapes have vocalises which range from simple to very challenging. This is worth buying- audio tapes are an eye opener for me! -- *Dede Nibler, Sweet Adelines International Instructor, June, 1997*

Anyone can benefit from the skills and techniques acquired by using the Deva Method without compromising their style. I personally am thrilled with my vocal growth and advancement since starting this course. -- *MJ Topolewski, Editor's Choice, April, 1999*

Combining over thirty years of performance and teaching experience with extensive research in vocal mechanics, Jeannie has produced an innovative approach for teaching the non-classical use of the voice, which covers all forms of popular-music. She explains with great clarity why we must avoid physical tension in the throat and how to achieve this relaxation without compromising our choice of style. No matter what your level of singing, Jeannie has the answers for you, clearly explaining what is required and how to achieve your best on a gig or in the recording studio. -- *Magic Dick, The J. Geils Band, 1994*

If you are like me, you may wish Jeannie was a brilliant surgeon that could miraculously implant a golden throat. Since that is not possible, you might want to pick up this course and follow the instructions carefully, and practice, practice, practice. The Deva Method is the closest thing to getting cosmetic surgery for your voice. --*Steve Davison, Northeast Performer Mag. May, 1994*

Jeannie Deva is a total asset to anyone serious about their vocals. They should get involved with her right away- the sooner the better. --*Dave Frangioni, MIDI Specialist for Aerosmith, Winger, Elton John, April, 1996*

The best vocal coach in the entire world. You are and will continue to be an inspiration to me. --*Charisse Arrington, MCA Recording Artist, May 1995*

Users Review

From reader reviews:

Dewey Newkirk:

The particular book The Contemporary Vocalist Improvement Course (Book & 4 CD Edition) has a lot of information on it. So when you read this book you can get a lot of gain.
