**The Harriet Lane Handbook of Pediatric Antimicrobial Therapy: Mobile Medicine Series (Expert Consult: Online + Print), 2e** By Julia McMillan MD, Carlton K. Lee PharmD MPH, George K. Siberry MD MHP, Karen Carroll MD

From the experts at Johns Hopkins University who bring you the bestselling *Harriet Lane Handbook*, the ***Harriet Lane Handbook of Pediatric Antimicrobial Therapy*** delivers quick, dependable answers to help you effectively treat a broad spectrum of pediatric infectious diseases. This highly regarded medical reference book is your **pocket-sized source for all of the evidence-based recommendations you need** to provide the best possible care to your young patients.

- **Get all of the information you need to prescribe the correct drug and the appropriate dose** through a detailed drug formulary, expanded from the popular *Harriet Lane Handbook*.
- **Better manage persistent, hard-to-fight pediatric infections** with a section on adverse effects and drug resistance.
- **Make the best clinical decisions** with up-to-date practice guidelines from the AAP, CDC, and other authoritative pediatric and infectious disease sources.
- **Stay on top of the most effective treatments** with leading-edge coverage of antiretroviral drugs for HIV and hepatitis; antimicrobial pharmacokinetic/pharmacodynamics (PK/PD) information; the latest Vancomycin therapeutic drug-monitoring recommendations; antimicrobial desensitization; pediatric developmental effects of antimicrobials approved in adults but not children; and much more.
- **Depend on the professional wisdom of an expert author team**, combined with the front-line input of current pediatric infectious disease fellows.
- **Access the fully searchable text online at Expert Consult.**

## **Editorial Review**

### Review

"This is a wonderful reference for prescribing antibiotics for pediatric patients. It not only matches the bug with a drug, it also addresses various prescribing concerns that are important to safely and effectively dose and monitor patients. This second edition has revised and updated mechanisms of action, resistance, and empiric therapy sections as well as revised dosing in special circumstances, therapeutic monitoring, adverse drug reactions, and antimicrobial desensitization protocols. Current available evidence and guidelines were reviewed to provide the recommendations in this book. Because guidelines change, antibiotic resistance surfaces, and new information emerges, this new edition is warranted."-Judith Klevan, BSPharm(Jeanes Hospital)

**Doody Review: 4 stars**

## **Users Review**

### From reader reviews:

#### **Patricia Vasquez:**

Spent a free a chance to be fun activity to accomplish! A lot of people spent their spare time with their family, or their very own friends. Usually they carrying out activity like watching television, about to beach, or picnic from the park. They actually doing same every week. Do you feel it? Will you something different to fill your free time/ holiday? Can be reading a book could be option to fill your cost-free time/ holiday. The first thing that you'll ask may be what kinds of book that you should read. If you want to try look for book, may be the guide untitled The Harriet Lane Handbook of Pediatric Antimicrobial Therapy: Mobile Medicine Series (Expert Consult: Online + Print), 2e can be great book to read. May be it might be best activity to you.

#### **Kathryn Richardson:**

Playing with family inside a park, coming to see the marine world or hanging out with friends is thing that usually you have done when you have spare time, after that why you don't try point that really opposite from that. 1 activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of knowledge. Even you love The Harriet Lane Handbook of Pediatric Antimicrobial Therapy: Mobile Medicine Series (Expert Consult: Online + Print), 2e, you may enjoy both. It is great combination right, you still need to miss it? What kind of hangout type is it? Oh occur its mind hangout people. What? Still don't buy it, oh come on its known as reading friends.

#### **Gerald Magee:**

Is it a person who having spare time and then spend it whole day through watching television programs or just telling lies on the bed? Do you need something totally new? This The Harriet Lane Handbook of Pediatric Antimicrobial Therapy: Mobile Medicine Series (Expert Consult: Online + Print), 2e can be the response, oh how comes? A book you know. You are therefore out of date, spending your extra time by

reading in this brand-new era is common not a nerd activity. So what these ebooks have than the others?

**Robert Leggett:**

That reserve can make you to feel relax. This kind of book The Harriet Lane Handbook of Pediatric Antimicrobial Therapy: Mobile Medicine Series (Expert Consult: Online + Print), 2e was multi-colored and of course has pictures on the website. As we know that book The Harriet Lane Handbook of Pediatric Antimicrobial Therapy: Mobile Medicine Series (Expert Consult: Online + Print), 2e has many kinds or genre. Start from kids until adolescents. For example Naruto or Private investigator Conan you can read and believe you are the character on there. Therefore not at all of book are generally make you bored, any it can make you feel happy, fun and loosen up. Try to choose the best book to suit your needs and try to like reading that will.
