Editorial Review

From the Back Cover
Get started programming with ASP.NET 4 using this versatile resource

ASP.NET 4 is the latest version of Microsoft's powerful framework for building dynamic web sites. This unique book-and-video package includes lessons covering the most common tasks and challenges that ASP.NET 4 developers face. Each lesson covers both the ASP.NET Web Forms Framework and the ASP.NET MVC 2 Framework and is designed to teach you the fundamentals of the topic before progressing to a step-by-step tutorial. An instructional video for each of the 48 tutorials is provided on the DVD that accompanies the book. The solutions for each of the tutorials are included on the book's companion web site.

ASP.NET 4 24-Hour Trainer:

- Explains how web development differs from Windows development
- Covers both the ASP.NET Web Forms Framework and the ASP.NET MVC 2 Framework
- Teaches you how to use cookies, Session objects and Profile objects
- Explains the page lifecycle in Web Forms and the request lifecycle in MVC 2
- Shows you how to style and layout web pages using cascading style sheets and master pages
- Teaches you to reuse HTML markup with user controls and partial views
- Demonstrates URL routing
- Shows you how to use server controls and HTML helpers

Wrox guides are crafted to make learning programming languages and technologies easier than you think. Written by programmers for programmers, they provide a structured, tutorial format that will guide you through all the techniques involved.

On the DVD

Don't just learn—do!

The lessons within the book are each accompanied by an instructional demonstration on the DVD—nearly 5 hours of video tutorials!

You'll learn to:

- Develop both ASP.NET Web Forms web applications and ASP.NET MVC 2 web applications
- Configure your web application
- Develop forms and views
- Maintain a consistent page layout
- Understand and use URL routing
- Validate user input
- Read and display data
- Manage data
- Write JavaScript
- Use the jQuery library
- Use Dynamic Data
- Use display and editor templates

- Secure your application

Please see the DVD appendix for details and complete system requirements.

About the Author
Toi B. Wright is an independent consultant who has been working as a software developer for more than 25 years. She is a Microsoft MVP in ASP/ASP.NET and the Founder and President of the Dallas ASP.NET User Group.

Users Review

From reader reviews:

Irene Gwyn:

Book is usually written, printed, or created for everything. You can know everything you want by a guide. Book has a different type. To be sure that book is important issue to bring us around the world. Beside that you can your reading expertise was fluently. A publication ASP.NET 4 24-Hour Trainer will make you to become smarter. You can feel much more confidence if you can know about every thing. But some of you think this open or reading a book make you bored. It isn't make you fun. Why they might be thought like that? Have you searching for best book or ideal book with you?

James Moore:

Reading a publication can be one of a lot of action that everyone in the world loves. Do you like reading book and so. There are a lot of reasons why people fantastic. First reading a publication will give you a lot of new data. When you read a e-book you will get new information mainly because book is one of various ways to share the information or maybe their idea. Second, reading a book will make you more imaginative. When you examining a book especially fictional book the author will bring that you imagine the story how the personas do it anything. Third, you are able to share your knowledge to other folks. When you read this ASP.NET 4 24-Hour Trainer, you are able to tells your family, friends and soon about yours guide. Your knowledge can inspire others, make them reading a publication.

Josephine Mares:

Playing with family within a park, coming to see the water world or hanging out with close friends is thing that usually you have done when you have spare time, in that case why you don't try factor that really opposite from that. Just one activity that make you not feeling tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of information. Even you love ASP.NET 4 24-Hour Trainer, you are able to enjoy both. It is fine combination right, you still wish to miss it? What kind of hangout type is it? Oh seriously its mind hangout fellas. What? Still don't obtain it, oh come on its referred to as reading friends.

Marcus Huskins:

In this particular era which is the greater person or who has ability in doing something more are more treasured than other. Do you want to become considered one of it? It is just simple strategy to have that. What you must do is just spending your time very little but quite enough to have a look at some books. One of several books in the top collection in your reading list will be ASP.NET 4 24-Hour Trainer. This book which is qualified as The Hungry Mountains can get you closer in turning out to be precious person. By looking upward and review this e-book you can get many advantages.
