Mathematics for Electrical Technicians: Level 4-5 (Longman Technician S)

By John Bird, A.J.C. May

The definition and solution of engineering problems relies on the ability to represent systems and their behaviour in mathematical terms.

Mathematics for Electrical Technicians 4/5 provides a simple and practical guide to the fundamental mathematical skills essential to technicians and engineers. This second edition has been revised and expanded to cover the BTEC Higher - 'Mathematics for Engineers' module for Electrical and Electronic Engineering Higher National Certificates and Diplomas. It will also meet the needs of first and second year undergraduates studying electrical engineering.

Editorial Review

About the Author

John Bird is an award-winning journalist with more than 25 years experience as a writer with "The United Church Observer" and "The Catholic Register", and as editor of "Anglican Magazine", "Catalyst" (Citizens for Public Justice), and the book "Nation to Nation: Aboriginal Sovereignty and the Future of Canada".

Music has always been important to John, but never more so than in the past few years, after he fell in love with the ukulele and discovered the joy of making music with other people. John is a founding member of the Ontario band SwingBridge. He now lives in Iqaluit, Nunavut, with his wife, Lorraine, where he plays with The Road to Nowhere Band, sings in the Iqaluit Community Choir, and is always happy to jam with whoever will have him-including Lorraine.

Users Review

From reader reviews:

Anthony Pisano:

What do you think about book? It is just for students because they're still students or this for all people in the world, exactly what the best subject for that? Just simply you can be answered for that query above. Every person has different personality and hobby for every single other. Don't to be forced someone or something that they don't need do that. You must know how great in addition to important the book Mathematics for Electrical Technicians: Level 4-5 (Longman Technician S). All type of book can you see on many methods. You can look for the internet options or other social media.

Jack Lau:

People live in this new time of lifestyle always try and and must have the extra time or they will get lot of stress from both day to day life and work. So , if we ask do people have time, we will say absolutely of course. People is human not really a huge robot. Then we inquire again, what kind of activity do you possess when the spare time coming to a person of course your answer will certainly unlimited right. Then do you ever try this one, reading guides. It can be your alternative inside spending your spare time, typically the book you have read is definitely Mathematics for Electrical Technicians: Level 4-5 (Longman Technician S).

Grady Meraz:
