Private Prisons in America: A Critical Race Perspective (Critical Perspectives in Criminology) By Michael A. Hallett

Under the auspices of a governmentally sanctioned war on drugs, incarceration rates in the United States have risen dramatically since 1980. Increasingly, correctional administrators at all levels are turning to private, for-profit corporations to manage the swelling inmate population. Policy discussions of this trend toward prison privatization tend to focus on cost-effectiveness, contract monitoring, and enforcement, but in his *Private Prisons in America*, Michael A. Hallett reveals that these issues are only part of the story. Demonstrating that imprisonment serves numerous agendas other than crime control, Hallett's analysis suggests that private prisons are best understood not as the product of increasing crime rates, but instead as the latest chapter in a troubling history of discrimination aimed primarily at African American men.

Editorial Review

Review

"In *Private Prisons in America*, Michael Hallett offers a concise and compelling account of how race (and class) continues to shape the march toward greater investment in imprisonment. As Hallett demonstrates convincingly, people of color (and the poor) serve as raw material for a prison industry that produces a generous windfall for private corrections firms."

About the Author

Michael A. Hallett is an associate professor of criminal justice and director of the Center for Race and Juvenile Justice Policy at the University of North Florida. He is the co-author of *U.S. Criminal Justice Interest Groups: Institutional Profiles* with Dennis J. Palumbo.
