## The Pyramids: Their Archaeology and History By Miroslav Verner

Here, the Egyptian pyramids provide the inspiration for another book, although this one is not, and does not claim to be, thoroughly up-to-date. Originally published in Czech in 1997, this is an English translation of the 1998 German edition, which in many ways reflects on the results of excavations by the University of Prague's Czech Institute of Egyptology up to the late 1990s. The book is an introduction to the pyramids and pyramid-builders of Egypt, attempting to answer many of the most frequently asked questions about their construction and meaning, set within Egyptian culture and politics.

### **Editorial Review**

#### **About the Author**

Miroslav Verner directed the Czech Institute of Egyptology for seventeen years and is Professor of Egyptology at Charles University in Prague. He has also been guest professor at the universities of Vienna, Hamburg and the American University of Cairo and, since 1976, has been leading the excavations currently being carried out by Czech archaeologists in Abusir

### **Users Review**

#### **From reader reviews:**

##### **Charles Wilkerson:**

Exactly why? Because this The Pyramids: Their Archaeology and History is an unordinary book that the inside of the guide waiting for you to snap it but latter it will surprise you with the secret the idea inside. Reading this book close to it was fantastic author who else write the book in such awesome way makes the content on the inside easier to understand, entertaining means but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This phenomenal book will give you a lot of positive aspects than the other book have such as help improving your skill and your critical thinking technique. So , still want to hold up having that book? If I ended up you I will go to the e-book store hurriedly.

##### **Dorothy Delarosa:**

Reading a book to become new life style in this season; every people loves to go through a book. When you go through a book you can get a large amount of benefit. When you read publications, you can improve your knowledge, since book has a lot of information upon it. The information that you will get depend on what kinds of book that you have read. If you wish to get information about your analysis, you can read education books, but if you want to entertain yourself you can read a fiction books, these kinds of us novel, comics, as well as soon. The The Pyramids: Their Archaeology and History provide you with a new experience in looking at a book.

##### **Vincent Humphreys:**

This The Pyramids: Their Archaeology and History is brand new way for you who has interest to look for some information because it relief your hunger of knowledge. Getting deeper you on it getting knowledge more you know or perhaps you who still having tiny amount of digest in reading this The Pyramids: Their Archaeology and History can be the light food to suit your needs because the information inside this kind of book is easy to get through anyone. These books develop itself in the form which is reachable by anyone, that's why I mean in the e-book contact form. People who think that in e-book form make them feel drowsy even dizzy this reserve is the answer. So there is not any in reading a e-book especially this one. You can find what you are looking for. It should be here for you. So , don't miss this! Just read this e-book style for your better life and also knowledge.

**Christopher Dixon:**

That publication can make you to feel relax. This book The Pyramids: Their Archaeology and History was bright colored and of course has pictures around. As we know that book The Pyramids: Their Archaeology and History has many kinds or style. Start from kids until teenagers. For example Naruto or Private eye Conan you can read and think you are the character on there. Therefore , not at all of book usually are make you bored, any it offers up you feel happy, fun and rest. Try to choose the best book for you personally and try to like reading this.
