XML in a Nutshell, Third Edition

By Elliotte Rusty Harold, W. Scott Means

XML in a Nutshell, Third Edition By Elliotte Rusty Harold, W. Scott Means

If you're a developer working with XML, you know there's a lot to know about XML, and the XML space is evolving almost moment by moment. But you don't need to commit every XML syntax, API, or XSLT transformation to memory; you only need to know where to find it. And if it's a detail that has to do with XML or its companion standards, you'll find it--clear, concise, useful, and well-organized--in the updated third edition of *XML in a Nutshell*.With *XML in a Nutshell* beside your keyboard, you'll be able to:

- Quick-reference syntax rules and usage examples for the core XML technologies, including XML, DTDs, Xpath, XSLT, SAX, and DOM
- Develop an understanding of well-formed XML, DTDs, namespaces, Unicode, and W3C XML Schema
- Gain a working knowledge of key technologies used for narrative XML documents such as web pages, books, and articles technologies like XSLT, Xpath, Xlink, Xpointer, CSS, and XSL-FO
- Build data-intensive XML applications
- Understand the tools and APIs necessary to build data-intensive XML applications and process XML documents, including the event-based Simple API for XML (SAX2) and the tree-oriented Document Object Model (DOM)

This powerful new edition is the comprehensive XML reference. Serious users of XML will find coverage on just about everything they need, from fundamental syntax rules, to details of DTD and XML Schema creation, to XSLT transformations, to APIs used for processing XML documents. *XML in a Nutshell* also covers XML 1.1, as well as updates to SAX2 and DOM Level 3 coverage. If you need explanation of how a technology works, or just need to quickly find the precise syntax for a particular piece, *XML in a Nutshell* puts the information at your fingertips.Simply put, *XML in a Nutshell* is the critical, must-have reference for any XML developer.

- Number of items: 1
- Dimensions: 9.00" h x 1.60" w x 6.00" l, 2.10 pounds
- Binding: Paperback
- 600 pages

Editorial Review

About the Author

Elliotte Rusty Harold is originally from New Orleans to which he returns periodically in search of a decent bowl of gumbo. However, he currently resides in the Prospect Heights neighborhood of Brooklyn with his wife Beth, dog Shayna, and cat Marjorie (named after his mother-in-law). He's a frequent speaker at industry conferences including Software Development, Dr. Dobb's Architecure & Design World, SD Best Practices, Extreme Markup Languages, and too many user groups to count. His open source projects include the XOM Library for processing XML with Java and the Amateur media player.

W. Scott Means has been a professional software developer since 1988, when he joined Microsoft Corporation at the age of 17. He was one of the original developers of OS/2 1.1 and Windows NT, and did some of the early work on the Microsoft Network for the Microsoft Advanced Technology and Business Development group. Since then he has written software for everything from multiplayer casino games to railroad geometry measurement equipment. For Scott's latest projects and musings on software development, visit his blog at smeans.com.

Users Review

From reader reviews:

Sophia Hartman:

Have you spare time to get a day? What do you do when you have considerably more or little spare time? Yep, you can choose the suitable activity regarding spend your time. Any person spent all their spare time to take a go walking, shopping, or went to the particular Mall. How about open or even read a book allowed XML in a Nutshell, Third Edition? Maybe it is to get best activity for you. You understand beside you can spend your time with the favorite's book, you can smarter than before. Do you agree with it has the opinion or you have additional opinion?

Rebecca Walton:

Book is definitely written, printed, or highlighted for everything. You can realize everything you want by a e-book. Book has a different type. As you may know that book is important point to bring us around the world. Alongside that you can your reading expertise was fluently. A reserve XML in a Nutshell, Third Edition will make you to become smarter. You can feel considerably more confidence if you can know about anything. But some of you think in which open or reading any book make you bored. It isn't make you fun. Why they may be thought like that? Have you looking for best book or suited book with you?

Susan Gaier:

Playing with family inside a park, coming to see the ocean world or hanging out with good friends is thing that usually you could have done when you have spare time, in that case why you don't try factor that really opposite from that. One particular activity that make you not sense tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with. Even you love XML in a Nutshell, Third Edition, you can enjoy both. It is good combination right, you still desire to miss it? What kind of hang type is it? Oh come on its mind hangout men. What? Still don't have it, oh come on its identified as reading friends.

Lila Costillo:

Do you really one of the book lovers? If so, do you ever feeling doubt if you find yourself in the book store? Try and pick one book that you find out the inside because don't determine book by its cover may doesn't work this is difficult job because you are frightened that the inside maybe not since fantastic as in the outside seem likes. Maybe you answer could be XML in a Nutshell, Third Edition why because the fantastic cover that make you consider concerning the content will not disappoint you actually. The inside or content is actually fantastic as the outside as well as cover. Your reading 6th sense will directly direct you to pick up this book.
