## The Conservative's Handbook: Defining the Right Position on Issues from A to Z By Phil Valentine

*WARNING: This book may inform you, humor you, or enrage you.*

*The Conservative's Handbook* provides a conservative viewpoint on a wide range of issues: guns, global warming, drugs, partial birth abortion, education, political correctness, entrepreneurs, and the wisdom of Ronald Reagan.

If, as some have said, conservatives are ruled by facts and liberals by emotions, one would be hard-pressed to find a better illustration of the aphorism than popular radio talk-show host Phil Valentine's *The Conservative's Handbook: Defining the Right Position on Issues from A to Z*.

*The Conservative's Handbook* provides a conservative viewpoint on a wide range of issues and ideas:

- Guns
- Global warming
- Drugs
- Partial birth abortion
- Education
- Political correctness
- Entrepreneurs
- And the wisdom of Ronald Reagan.

The knowledge Valentine imparts is more than just information - it's ammunition for conservatives when they are caught up in discussions with friends and arguments with those on the Left.

Many arguments between liberals and conservatives degenerate into name-calling and unsubstantiated claims. *The Conservative's Handbook* distills those raw emotions and extraneous thoughts into a cohesive argument for conservative principles and values, covering the full array of today's fiscal and social issues in a manner that is comprehensive without being overwhelming.
