- ***Chapter Self-Check.*** *Embedded assessments with feedback help readers assess how well they have mastered the content. (See pages 26, 201, and 392 for examples.)*
- ***Thinking Like a Researcher*** . Interactive activities, with expert feedback, allow the reader to practice specific tasks required for conducting or evaluating a research project. (See pages 26, 201, and 392 for examples.)

From reviews of the book:

“This textbook provides more detailed and clearer explanations of complex research topics than other textbooks in this topic area. Overall, my students seem to enjoy using this textbook and find it to be helpful in their journey of learning about educational research.” — Rebekah Cole, Old Dominion University

“The inclusion of research examples and excerpts from published articles are excellent visuals for students just beginning their journey of research and critical thinking. The “Consumer Tips” section is an innovative way to sum up the topics ... I find the author’s reflections a valuable resource for the students. It’s a way to personally connect with the readers.” — Rebecca D Hunt, Northern Illinois University
