Editorial Review

Review

"***Soul Companions*** is a stunning book. It assembles an amazing collection of interviews with some of the finest and most unusual people from the worlds of alternative thinking and teaching. For anyone interested in the future of human growth and development this is an absolute 'must read'." -- *John Matthews: author of 'Walkers Between Worlds'*

"***Soul Companions*** is an amazing and enlightening anthology of profound experiences shared between some of the world's most revered wisdom keepers and their spirit guides. Inspiring and empowering, it lights a path for all of us to follow." -- *John Perkins: New York Times bestselling author of 'Confessions of an Economic Hit Man' and 'The Secret History of the American Empire'*.

"An extraordinarily ambitious project reaching to 'the ends of the Earth' and into the realms beyond. Dip into this compendium of accounts of spirit guides from every Earth culture, and you enter a slipstream of consciousness that leaves 'the real world' looking flat and crumpled as a cardboard cutout. ***Soul Companions*** is truly a gift and a source of nourishment for the soul." -- *Carolyn Burdet: Kindred Spirit Magazine*

"I would like to express my deep admiration and gratitude to Karen Sawyer for this truly remarkable and satisfying book. That it will, in generations to come, survive as a much loved, battered and dog-eared treasure attests to the fact that it is both timeless and timely no matter which century one happens to be reading it in. This book will flick switches." -- *Ellis Taylor: author of 'In These Signs Conquer ~ Revealing the Secret Signs an Age has Obscured'*.

"The world of the spirits is completely normal for many cultures and normal for our culture, if we dare to admit it. ***Soul Companions*** reinforces this reality, and affirms our own deep connection to the unseen - dare you not accept it?" -- *Sacred Hoop Magazine*

From the Author

This book has been gestated and nurtured for over two years, and is about to be birthed into the world. Suffice to say, I feel like an altogether different person than I was at its conception. I do not doubt that this particular book, which has opened me up to so many profound teachings and wisdom, has had a vital part to play in these changes.

The huge range and diversity of these experiences reveal fascinating insights into the evolving connection between other dimensions of existence and the earth plane. During the writing of this book, I have met and interviewed some remarkable souls. My wish is that you will be as inspired as I have by their experiences.
