The Waves By Virginia Woolf

One of Woolf's most experimental novels, *The Waves* presents six characters in monologue - from morning until night, from childhood into old age - against a background of the sea. The result is a glorious chorus of voices that exists not to remark on the passing of events but to celebrate the connection between its various individual parts.

Editorial Review

Review

'Together these ten volumes make an attractive and reasonably priced (the volumes vary between £3.99 and £4.99) working edition of Virginia Woolf's best-known writing. One can only hope that their success will prompt World's Classics to add her other essays to the series in due course.' Elisabeth Jay, Westminster College, Oxford, *Review of English Studies*, Vol. XLV, No. 178, May '94

From the Back Cover

"Clear, bright, burnished, at once marvelously accurate and subtly connotative. The pure, delicate sensibility found in this language and the moods it expresses are a true kind of poetry." – *The New York Times*

The Waves is often regarded as Virginia Woolf's masterpiece, standing with those few works of twentieth-century literature that have created unique forms of their own. In deeply poetic prose, Woolf traces the lives of six people from infancy to death as they fleetingly unite around the unseen figure of a seventh, Percival. Allusive and mysterious, *The Waves* yields new treasures upon each reading.

Virginia Woolf (1882-1941), one of the major literary figures of the twentieth century, transformed the art of the novel. The author of numerous novels, collections of letters, journals, and short stories, she was an admired literary critic and a master of the essay form.

Mark Hussey, general editor of Harcourt's annotated Woolf series, is professor of English at Pace University in New York City and editor of the *Woolf Studies Annual*.

Molly Hite is professor of English at Cornell University. She is the author of *Ideas of Order in the Novels of Thomas Pynchon*, *The Other Side of the Story: Structures and Strategies of Contemporary Feminist Narrative*, and two novels, *Class Porn* and *Breach of Immunity*. She has written articles on postmodernist and modernist fiction, feminist theory and practice, and academic culture.

About the Author

VIRGINIA WOOLF (1882–1941) was one of the major literary figures of the twentieth century. An admired literary critic, she authored many essays, letters, journals, and short stories in addition to her groundbreaking novels.

Users Review

From reader reviews:
