Wizard's First Rule (Sword of Truth Book 1) By Terry Goodkind

Wizard's First Rule, the first novel by Terry Goodkind, was a phenomenon from the moment it was published by Tor Books in 1994, selling more than 100,000 copies in North America alone. It still sells more than 100,000 copies a year and has gone on to bestsellerdom in the United Kingdom and in more than twenty foreign translations as well as audiobook form.

It is now being developed as one of the most ambitious television miniseries of all time. Executive Producer Sam Raimi (director of the three Spider-Man movies), in collaboration with Disney/ABC, is creating a 22-episode adaptation of the book to be filmed in New Zealand.

Richard and Kahlan's story unfolds over ten more novels, collectively known as the Sword of Truth series, concluding with Confessor in 2007. Placing Goodkind in the elite club of #1 New York Times bestselling authors, the series has sold more than twenty million copies to date worldwide.

In Wizard's First Rule, Goodkind introduced the world to an ordinary forest guide, Richard Cypher, and the mysterious, powerful woman he comes to love, Kahlan Amnell. Learning his true identity, Richard accepts his destiny as the one man who can stop the bloodthirsty tyrant Darken Rahl. Hunted relentlessly, betrayed and alone, Kahlan calls upon Richard to reach beyond his sword and invoke something more noble within himself as the final confrontation with Darken Rahl looms.

The importance of Wizard's First Rule is sourced in Goodkind taking on the toughest of all literary challenges: to tell an electrifying story of action, violence, and adventure that also makes people think, and that would influence the choices and actions of its readers.

Years after reading Wizard's First Rule, Goodkind fans still ask themselves, "What would Richard do?" when confronted with life's obstacles and challenges. "Your life is yours alone," Richard says at a key moment. "Rise up and live it."

About the Author

Terry Goodkind is the New York Times bestselling author of twelve books. His first novel, *Wizard's First Rule*, immediately established him as one of the world's bestselling authors. Originally published in 1994, it is the first in the eleven book *Sword of Truth* series, which has sold over 25 million copies worldwide.

Goodkind was born and raised in Omaha, Nebraska, where he also attended art school, one of his many interests on the way to becoming a writer. Besides a career in wildlife art, he has been a cabinet maker and a violin maker, as well as having done restoration on rare and exotic artifacts from around the world. In recent years he has spent the majority of his time in the desert Southwest.

Editorial Review

From Library Journal

The protective barrier that separates Westland from its neighbors to the east is about to fall, letting loose a monstrous evil upon the world. Only the combined efforts of a young man dedicated to finding the truth, an enigmatic woman intent on concealing her past, and a crusty old hermit resigned to his inevitable destiny can prevent the opening of the three boxes of Orden—an event with the potential to destroy existence itself. The inclusion of graphic scenes of sado-eroticism, though integral to the story, may deter purchase by some libraries. Nevertheless, this first novel offers an intriguing variant on the standard fantasy quest. The richly detailed world and complex characters will appeal to mature fantasy aficionados.

From [Booklist](#)

In a classic fantasy world, young Richard Cypher must go on a perilous quest with the Sword of Truth in order to deal with evils that have a contemporary degree of ambiguity about them. On the way, he acquires the normal collection of wizards, dragons, and human companions as well as an equivalent roster of enemies. Both the characters and their world come to life, and Goodkind's ambitious juxtaposition of modern ambiguities and the classical fantasy setting works more often than not. Although a fairly self-contained story, the book has something of the flavor of the first volume of a saga; neither Goodkind nor his publisher will receive too many complaints if a sequel is in the works. Hardly an aspirant to Tolkien's mantle, Goodkind certainly seems, at any rate, to be working on being mentioned in the same breath as Robert Jordan. *Roland Green*

From Kirkus Reviews

The magical boundaries between the three lands of forest guide Richard Cypher's world are crumbling: Strange beasts from the Midlands, where magic still exists, appear in his Westland forest. And so does Kahlan Amnell, a young woman with some interesting powers and four assassins on her trail. She is in search of the great wizard who left the Midlands not long after he set the boundaries. He is the only one who can possibly thwart Darken Rahl, an evil wizard who has set in motion a process that will result in the enslavement of the three lands. When Richard's eccentric friend and mentor, Zedd, is sought out for advice about finding the great wizard, Kahlan identifies Zedd as the object of her search. The process that Darken Rahl has initiated requires him to obtain the three boxes of Orden, and, within one year, to open the proper box. As time grows short, Richard, Kahlan, Zedd, and a border guard, Chase, go in quest of the one box that the evil wizard still lacks. Among the truths that Richard learns along the way is the wisdom of the Wizard's First Rule: People are stupid and will believe almost anything. A wonderfully creative, seamless, and stirring epic fantasy debut. -- *Copyright ©1994, Kirkus Associates, LP. All rights reserved.*
