Editorial Review

Review

With 125 years in the airgun business, Daisy is well-known for introducing young people to the shooting sports. And, we respond to the needs of discriminating adult shooters with our PowerLine and Winchester Air Rifle brands. The Blue Book helps collectors establish a value for their antique Daisy and serves as a directory for our exciting current product line. Most hunters and shooters took their first shot with a Daisy BB gun, and My first gun was a Daisy is a comment we never tire of hearing. While they may have an arsenal of airguns and firearms today, they value that first old Daisy as much as anything in their gun safe. For the shooting industry, It all starts here....with a Daisy. Thanks, Blue Book, for helping to preserve the shooting heritage that is so important to all of us. --- Ray Hobbs, President & C.E.O. and Chairman of the Board of Directors, Daisy Outdoor Products
