No Good Deed: A Psychological Thriller (The Mark Taylor Series Book 1)

By M.P. McDonald

Seeing the future comes at a price. What price would you be willing to pay to save thousands of lives?

Mark Taylor knows his actions scream *guilty*--but he was only trying to stop the horrible terrorist attack. Instead of a thank you, the government labels him an enemy combatant and throws him in the brig with no rights, no trial, and no way to prove his innocence. He learns first hand that the CIA can do anything they want to him--anything at all.

Mark's just a regular guy--a photographer--who finds himself in an extraordinary situation when an antique camera he buys at a dusty Afghanistan bazaar produces photographs of future tragedies. Tragedies he's driven to prevent.

His frantic warnings about September 11th are ignored but put him in the government cross-hairs where he learns what being labeled an 'enemy combatant' *really* means...

Download this intense and gripping thriller now.

Editorial Review

Review

"It's a frightening tale of an innocent man trapped in the kafkaesque brave new world of paranoia and terror. An important subject written with true passion by Ms. McDonald." ~ Stephen Carpenter, (Creator of the NBC hit show, Grimm)

Winner of 2011 Red Adept Reviews Indie Awards for Thriller/Suspense

5 Stars *"The plot to the novel was not only unique, but it was wonderfully executed. Mark Taylor was a deep, complex character. He was a good hero, but had enough flaws to be completely believable." --Red Adept Reviews*

"The author also makes you sit back and think about what is going on in the world of our anti-terrorism policies. Prior to reading this book, I had one set of preconceived notions of what is acceptable or not for those labeled as enemy combatants; about a third of the way through I found myself rethinking my own idea of what is the right thing to do. From the plot lines, getting into the head of the character, and the overall writing style I found I didn't want to put this book down." ~Michael Gallagher (Amazon Top 10 Reviewer, Hall of Fame Reviewer)

"I am surprised this book has not been picked up yet by a major publisher. This book is well crafted on all accounts. It is immensely readable, and will grab your attention and refuse to relent." ~Ionia Martin (Amazon Top 500 Reviewer)

"Twenty years ago this book couldn't have been written. Partly because the events of 9/11 figure into the plot, but more importantly because the actions of the government would have been unthinkable pre-9/11. "No Good Deed" is both entertaining and suspenseful, but, regardless of your politics, should get you thinking." ~BigAl (Amazon Top 1000 Reviewer)

From the Author

The Mark Taylor Series consists of five books:

Mark Taylor: Genesis (Prequel)

No Good Deed (Book 1)

March Into Hell (Book 2)

Deeds of Mercy (Book 3)

March Into Madness (Book 4)

I have always loved a good guy **reluctant hero** in books, movies, and television. Add a **supernatural** twist where the hero can see into the future or the past and change it, and I'm hooked! None of it would work for me if there wasn't plenty of action and adventure woven into a suspenseful thriller. With this series, I took all the elements of a story I longed to read, combined with a character I wanted to come alive and meet, and wrote The Mark Taylor Series.

In **No Good Deed**, I had read in the news about an actual American held as an enemy combatant--think Guantanamo Bay, aka, Gitmo. I didn't feel sorry for the guy because, hey, he got what he deserved, right?

But wait! I wondered how horrible would it be if you were *completely innocent* of the charges, but had no way to tell anyone or prove your innocence? And that was how No Good Deed was born.

I hope you'll enjoy reading No Good Deed as much as I have enjoyed writing it.

From the Inside Flap

The Mark Taylor Series consists of five books:

Mark Taylor: Genesis (Prequel)

No Good Deed (Book 1)

March Into Hell (Book 2)

Deeds of Mercy (Book 3)

March Into Madness (Book 4)

CJ Sheridan Thrillers is a spinoff series:

Shoot: (Book 1)

Users Review

From reader reviews:

Sally Watts:
