Some of Us Did Not Die: New and Selected Essays (New and and Selected Essays) By June Jordan

"She remains a thinker and activist who 'insists upon complexity.' "Reamy Jansen, *San Francisco Chronicle***Some of Us Did Not Die* brings together a rich sampling of the late poet June Jordan's prose writings. The essays in this collection, which include her last writings and span the length of her extraordinary career, reveal Jordan as an incisive analyst of the personal and public costs of remaining committed to the ideal and practice of democracy. Willing to venture into the most painful contradictions of American culture and politics, Jordan comes back with lyrical honesty, wit, and wide-ranging intelligence in these accounts of her reckoning with life as a teacher, poet, activist, and citizen.

Editorial Review

From [Booklist](#)

An established voice on racism and feminism, Jordan offers a collection of essays that criticizes our reluctance as a nation and as individuals to examine our own moral stances even as we discuss the immorality of the terrorist attacks on the U.S. She declares that Americans are not hated because the nation is free and just, but because it fails to respect the self-determination of others. The collection includes a letter to a friend of murdered *Wall Street Journal* reporter Daniel Pearl and several essays on a wide array of subjects, including reversals of affirmative action, breast cancer, rape, O. J. Simpson, racial and sexual identity, and bisexuality. All of the pieces are aimed at provoking readers to adapt a larger, more global perspective. *Vanessa Bush*
